A pesticide is defined as a substance or mixture of substances intended for destroying, repelling, or mitigating any pest. (This includes items like glue boards, fly traps, and cans of household insecticides).

The district periodically applies pesticides. Employees and students will be notified of the application schedule by the posting of signs in all areas to be treated 48 hours prior to the planned treatment. Section 504 provides that: "No otherwise qualified individual with handicaps in the United States... shall, solely by reason of his handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance..." (29 U.S.C. 794).

Students may be referred by parents, teachers, counselors, administrators, or any other district employee for evaluation to determine if they are disabled and in need of special instruction or services.

The district designates the following employee to coordinate its efforts to comply with Section 504 of the Rehabilitation Act of 1973 as amended:

Texas law grants the board of trustees the power to govern and oversee the management of the district's schools. The board is the policy-making body within the district and has overall responsibility for the curriculum, school taxes, school budget, and employment of the superintendent, the professional staff, and facilities. The board has complete and final control over school matters within limits established by state and federal law and regulations.

The Board of Trustees are elected by the citizens of the district to represent the community's commitment to a strong educational program for district students. Board members are elected by position and serve 3-year terms. Trustees serve without compensation, must be registered voters, and must reside in the district.

Boards of Trustees for the 2025-26 school year are listed below.

Mr. Matt Dunn
Dr. Leslea Evans
Mrs. Catherine Irwin
Mr. Kenneth Pruitt, President
Mrs. Julie Stern, Secretary
Mr. Jack Thelen
Mr. Josh Wilkerson, Vice-President

The Board usually meets the third Monday of each month at 6:00 p.m., in the Canton ISD Administration Board Room. Other meetings may be called as necessary. A written notice of regular, special and training meetings will be posted on the district website and the administration window at least 72 hours before the scheduled meeting time. The written notice will show the date, time, place, and subjects of each meeting. Special meetings may be called when necessary. In emergencies, a meeting may be held with a two-hour notice.

All meetings are open to the public. In certain circumstances, Texas law permits the board to go into a closed session from which the public and others are excluded. Closed session may occur for such things as discussing attorney consultation, real property, prospective gifts, personnel matters including employee complaints, student discipline, personally identifiable student information, medical or psychiatric records, security, assessment instruments, energy management, or economic development negotiations.

Postings may also be posted in other district locations, on regional and state websites, and other media as deemed appropriate.

Applications for Vacancies

Administrative Procedure

At-will applications are not kept on file at Central Office. A person wishing to apply for an at-will position must complete a new application for each vacancy.

Other employment applications may be accessed through the Canton ISD website, www.cantonisd.net, under the Employment tab. Please follow the directions for submitting an electronic application through TJN.

Employment After Retirement

Policy DC

Individuals receiving retirement benefits from the Teacher Retirement System (TRS) may be employed under certain circumstances on a full or part-time basis without affecting their benefits, according to TRS rules and state law. Detailed information about employment after retirement is available in the *TRS publication Employment after Retirement*. Employees can contact TRS for additional information by calling 1-800-223-8778 or 512-542-6400. Information is also available on the TRS Website www.trs.texas.gov.

Contract and Noncontract Employment

Policies DC series

State law requires the district to employ all full-time professional employees in positions requiring a certificate from State Board for Educator Certification (SBEC) and nurses under probationary, term or continuing contracts. Employees in all other positions are employed at will or by a contract that is not subject to the procedures for non-renewal or termination under Chapter 21 of the Texas Education Code. The paragraphs that follow provide a general description of the employment arrangements used by the district.

Probationary Contracts. Nurses and full-time, professional employees new to the district and employed in positions requiring SBEC certification must receive a probationary contract during their first year of employment. Former employees who are hired after at least a two-year lapse in district employment or employees who move to a position requiring a new class of certification may also be employed by a probationary contract. Probationary contracts are one-year contracts. The probationary period for those who have been employed in public education for at least five of the eight years preceding employment with the district may not exceed one school year. For those with less experience, the probationary period will be three school years, (i.e., three one-year contracts) with an optional fourth school year if the board determines it is doubtful whether a term contract should be given.

Term Contract. Full-time professionals employed in positions requiring certification and nurses will be employed by term contracts after they have successfully completed the probationary period. The terms and conditions of employment are detailed in the contract and employment policies. All employees will receive a copy of their contract and have access to employment policies on the district website or copies will be provided upon request.

Noncertified Professional and Administrative Employees. Employees in professional and administrative positions that do not require SBEC certification (such as non-instructional administrators) may be employed by a Chapter 21 probationary or term contract.

Paraprofessional and Auxiliary Employees. All paraprofessional and auxiliary employees, regardless of certification, are employed at will and not by contract. Employment is not for any specified term and may be terminated at any time by either the employee or the district.

Certification and Licenses

Policies DBA, DF

Professional employees whose positions require SBEC certification or professional license are responsible for taking actions to ensure their credentials do not lapse. Employees must submit documentation that they have passed the required certification exam and/or obtained or renewed their credentials to the Canton ISD Admin Office in a timely manner. Employees licensed by the Texas Department of Licensing and Regulations (TDLR) must notify their supervisor/principal when there is action against, or revocation of, their license.

A certified employee's contract may be voided without due process and employment terminated if the individual does not hold a valid certificate or fails to fulfill the requirements necessary to renew or extend a temporary certificate, emergency certificate, probationary certificate, or permit. A contract may also be voided if SBEC suspends or revokes certification because of an individual's failure to comply with criminal history background checks. Contact the human resource department if you have any questions regarding certification or licensure requirements.

Recertification of Employment Authorization

Policy DC

At the time of hire all employees must complete the Employment Eligibility Verification Form (Form I-9) and present documents to verify identity and employment authorization.

Employees whose immigration status, employment authorization, or employment authorization documents have expired must present new documents that show current employment authorization. Employees should file the necessary application or petition sufficiently in advance to ensure that they maintain continuous employment authorization or valid employment authorization documents. Contact the human resource department if you have any questions regarding reverification of employment authorization.

Searches and Alcohol and Drug Testing

Policy CQ, DHE

Non investigatory searches in the workplace including accessing an employee's desk, file cabinets, or work area to obtain information needed for usual business purposes may occur

when an employee is unavailable. Therefore, employees are hereby notified that they have no legitimate expectation of privacy in those places. In addition, The District reserves the right to conduct searches when the District has reasonable suspicion to believe that a search will uncover evidence of work-related misconduct. Such an investigatory search may include drugs and alcohol testing if the suspected violation relates to drug or alcohol use. The District may search the employee, employee's personal items, work areas including district owned technology resources, lockers and private vehicles parked on District premises or worksites or used in District business. Disciplinary action, up to and including termination, may result if an employee refuses to submit to testing or is found to violate district policy.

Employees Required to Have a Commercial Driver's License. Any employee who is required to have a commercial driver's license (CDL) is subject to alcohol and drug testing. This includes all drivers who operate a motor vehicle designed to transport 16 or more people, counting the driver; drivers of large vehicles; or drivers of vehicles used in the transportation of hazardous materials. Teachers, coaches, or other employees who primarily perform duties other than driving are subject to testing requirements if their duties include driving a commercial motor vehicle.

Drug testing will be conducted before an individual assumes driving responsibilities. Alcohol and drug tests will be conducted when reasonable suspicion exists, pre-employment, post-accident, at random, when an employee returns to duty after engaging in prohibited conduct, and as a follow-up measure. Testing may be conducted following accidents. Return-to-duty and follow-up testing will be conducted when an employee who has violated the prohibited alcohol conduct standards or tested positive for alcohol or drugs is allowed to return to duty.

All employees required to have a CDL who are subject to alcohol and drug testing will receive a copy of the district's policy, the testing requirements, and detailed information on alcohol and drug abuse and the availability of assistance programs.

Employees with questions or concerns relating to alcohol and drug policies and related educational material should contact the transportation director.

Health Safety Training

Policies DBA, DMA

School Nurse, assistant school nurse, athletic coach or sponsor, physical education instructor, marching band directors, cheerleading coach, coaches, athletic trainers, or sponsors of an extracurricular athletic activity that is sponsored or sanctioned by the district or University Interscholastic League (UIL) must maintain and submit to the district proof of current certification in first aid, cardiopulmonary resuscitation (CPR), the use of an automated external defibrillator (AED), concussion, and extracurricular athletic activity safety. Certification or documentation of training must be issued by the American Red Cross, the American Heart Association, or another organization that provides equivalent training and certification. Employees subject to this requirement must submit their certification or documentation to the principal or athletic director.

School nurses and employees with regular contact with students must complete a Texas Education Agency approved online training regarding seizure disorder awareness, recognition and related first aid.

Reassignments and Transfers

Policy DK

All personnel are subject to assignment and reassignment by the superintendent or designee when the superintendent determines that the assignment or reassignment is in the best interest of the district. Reassignment is a transfer to another position, department, or facility that does not necessitate a change in the employment contract.

Campus reassignments must be approved by the principal at the receiving campus except when reassignments are due to enrollment shifts or program changes. Extracurricular or supplemental duty assignments may be reassigned at any time unless an extracurricular or supplemental duty assignment is part of a dual-assignment contract. Employees who object to a reassignment may follow the district process for employee complaints as outlined in district policy DGBA (LOCAL).

An employee with the required qualifications for a position may request a transfer to another campus or department. A written request for transfer must be completed and signed by the employee and the employee's supervisor. Requests for transfer during the school year will be considered only when the change will not adversely affect students and after a replacement has been found. All transfer requests will be coordinated by central office and must be approved by the receiving supervisor.

At-will employees may not request reassignment within the district. At-will employees desiring another district position must follow district application procedures for each position.

Workload and Work Schedules

Policies DEAB, DK, DL

Professional Employees. Professional employees and academic administrators are exempt from overtime pay and are employed on a 10-, 11-, or 12-month basis, according to the work schedules set by the district. A school calendar is adopted each year designating the work schedule for teachers and all school holidays. Subject to Board adopted budget and compensation plans and in harmony with employment contract, the Superintendent shall determine the required work calendars for all employees. Daily time schedules for all employees shall be determined by the superintendent, designee, or principals. Notice of work schedules including start and end dates and scheduled holidays will be distributed each school year.

Classroom teachers will have planning periods for instructional preparation and conferences. The schedule for planning periods is set at the campus but must provide at least 450 minutes within each two-week period for instructional preparation including parent-teacher conferences, evaluating students' work, and planning. A planning and preparation period may not be less than 45 minutes within the instructional day. Teachers and librarians are entitled to a duty-free lunch period of at least 30 minutes. The district may require teachers to supervise students one day a week when no other personnel are available.

Paraprofessional and Auxiliary Employees. Support employees are employed at will and will be notified of the required duty days, holidays, and hours of work for their position on an annual basis. Paraprofessional and auxiliary employees are not exempt from overtime and are not authorized to work in excess of their assigned schedule without prior approval from their supervisor. Paraprofessional and auxiliary employees are compensated for 8 hours a day (40

hours a week based on five days) however employees must work a minimum of 7.5 hours a day (37.5 hours a week based on five days). Any paraprofessional or auxiliary employees not working the required hours will result in deduction in pay.

ADA Accommodations

Policies DAA, DBB, DIA

The district will provide reasonable accommodations to employees with a disability if the accommodation would allow the individual to perform the essential functions of their job, unless doing so would create an undue hardship. An employee or their supervisor may initiate a request for accommodation by contacting the Canton ISD Administration Office and identifying an adjustment or change at work that is needed because of a disability. An employee may also submit a written request to HR using the ADA Accommodation Request Form, which is available at the Canton ISD Administration Office.

Upon receiving the reasonable accommodation request, HR will meet with the employee and conduct an informal, interactive discussion to identify an accommodation that will allow the employee to perform the essential functions of the job effectively. The district may request medical information concerning the employee's disability and to assist in determining what accommodation(s) may be available and appropriate. The employee will be responsible for obtaining the information from their health care provider. Medical information received will be confidential and kept separate from the employee's personnel file.

After meeting with the employee and reviewing medical documentation, HR will determine whether the employee is a qualified individual with a disability and develop a reasonable accommodation plan for the employee. Accommodation will be determined on a case-by-case basis. HR will work closely with the employee and supervisor to ensure that reasonable accommodation is provided and effective.

Breaks for Expression of Breast Milk

Policies DEAB, DG

The district supports the practice of expressing breast milk and makes reasonable accommodations for the needs of employees who express breast milk. A place, other than a multiple user bathroom, which is shielded from view and free from intrusion from other employees and the public where the employee can express breast milk will be provided.

A reasonable amount of break time will be provided when the employee has a need to express milk. For nonexempt employees, these breaks are unpaid and are not counted as hours worked. Employees should meet with their supervisor to discuss their needs and arrange break times.

The Providing Urgent Maternal Protections of Nursing Mothers Act (PUMP Act) requires an employee to notify the district if they believe the district is out of compliance in providing breaks for a nursing mother. The employee must give the district 10 days to come into compliance before making any claim of liability against the district. An employee with concerns should contact

The superintendent's office 903-567-4179.

Pregnant Workers Fairness Act

The Pregnant Workers Fairness Act (PWFA) provides consideration of accommodations to employees who have known limitations related to pregnancy, childbirth, or related medical conditions. An employee seeking a PWFA accommodation should contact [name, title, phone number] to begin the interactive process.

Teacher Workday

Administrative Procedure

The teacher workday is designated from 7:30 a.m. until 3:30 p.m. each school. The workday may be extended for before and after school duty, campus meetings, district meetings and other activities as needed.

Notification to Parents Regarding Qualifications

Policies DK, DBA

In schools receiving Title I funds, the district is required by the Every Student Succeeds Act (ESSA) to notify parents at the beginning of each school year that they may request information regarding the professional qualifications of their child's teacher. ESSA also requires that parents be notified if their child has been assigned or taught for four or more consecutive weeks by a teacher who does not meet applicable state certification or licensure requirements.

Texas law requires that parents be notified if their child is assigned for more than 30 consecutive instructional days to a teacher who does not hold an appropriate teaching certificate. This notice is not required if parental notice under ESSA is sent. Inappropriately certified or uncertified teachers include individuals on an emergency permit (including individuals waiting to take a certification exam) and individuals who do not hold any certificate or permit. Information relating to teacher certification will be made available to the public upon request. Employees who have questions about their certification's status may contact the Canton ISD Administration Office 903-567-4179.

Outside Employment and Tutoring

Policy DBD

Employees are required to disclose in writing to their immediate supervisor any outside employment including private tutoring of District students that may create a potential conflict of interest with their assigned duties and responsibilities or the best interest of the district. Supervisors will consider outside employment on a case-by-case basis and determine whether it should be prohibited because of conflict of interest.

Performance Evaluation

Policies DN, series

Evaluation of an employee's job performance is a continuous process that focuses on improvement. Performance evaluation is based on an employee's assigned job duties and other job-related criteria. All employees will participate in the evaluation process with their assigned supervisor and will be based on assigned duties and other job-related criteria. Written evaluations will be completed on forms approved by the district. Reports, correspondence, and memoranda also can be used to document performance. All employees will receive a copy of their written evaluation, have a performance conference with their supervisor, and have the opportunity to respond to the evaluation.

Upon receiving a report, a nursing review committee may review a nurse's nursing services, qualifications, and quality of patient care, as well as the merits of a complaint concerning a nurse, and a determination or recommendation regarding a complaint. A nurse may request,

orally or in writing, a determination by the committee regarding conduct requested of the nurse believed to violate the nurse's duty to a patient.

Texas Teacher Evaluation and Support System (T-TESS)

Board Approved Procedure

Canton ISD will utilize the T-TESS for classroom teachers. Teachers that are in varied positions not providing whole group instruction but more individualized and varied instruction as well as other duties, need a more defined appraisal tool relevant to their position. Teachers with specialized positions will be exempted from T-TESS and a local specialized alternative appraisal tool will be developed to better align with their duties and position. This exemption will allow local flexibility to evaluate performance measures for the particular job duties and expectations. The specialized positions exempted and will be able to utilize an alternative appraisal tool are as follows:

- Dyslexia Teacher
- ESL Pull-Out Teacher
- Interventionist, Title Teacher
- Life Skills Teacher
- Other Specialized Positions not providing whole group instruction

a. A minimum of 50% of a campus's teachers must be formally evaluated every year. All teachers must be formally evaluated at a minimum of every third school year. Every teacher will receive a minimum of six, informal walk-throughs per year.

b. All teachers will have an annual summative conference to discuss the year and to set classroom goals and a staff development plan.

c. Principals will continue to be evaluated annually on a locally developed plan. d. These locally developed plans should reflect the strengths, areas of concern, and goals for Canton ISD.

The T-TESS Teacher Handbook may be found at <https://teachfortexas.org>.

Employee Involvement

Policies BQA, BQB

At both the campus and district levels, Canton ISD offers opportunities for input in matters that affect employees and influence the instructional effectiveness of the district. As part of the district's planning and decision-making process, district employees are elected to serve on campus and district level advisory committees. Plans and detailed information about this process are available in each campus office.

Extra-curricular Involvement

Administrative Procedure

Free passes to extra-curricular events are available on the employee's campus. All employees are encouraged to attend as many extra-curricular events as possible in order to interact with students, parents, staff, and community members.

Staff Development

Policy DMA

Staff development activities are organized to meet the needs of employees and the district. Staff development for instructional personnel is predominantly campus-based, related to achieving campus performance objectives, addressed in the campus improvement plan, and approved by a campus-level advisory committee. Individuals holding renewable SBEC certificates are responsible for obtaining the required training hours and maintaining appropriate documentation. Staff development for non-instructional personnel is designed to meet specific licensing requirements (e.g., bus drivers) and continued employee skill development.

Individuals holding renewable SBEC certificates are responsible for obtaining the required training hours and maintaining appropriate documentation

The Superintendent shall recommend the District's professional development plan for all District employees. The Board shall annually review the professional development clearinghouse published by the State Board for Educator Certification (SBEC) and annually approve the District's professional development plan. The District's professional development plan must:

- Be guided by the SBEC clearinghouse training recommendations.
- Note any differences in the District's plan from the clearinghouse recommendations.
- Include a schedule of the required professional development for all District employees.

On an annual basis, the District shall designate a specific number of staff development days as mandatory in-service training. The remaining days of staff development may be taken at the discretion of the employee, provided that, the training involves the Texas essential knowledge and skills, topics related to the specific job assignment of the teacher, or any areas of improvement identified by the principal.

Any professional development not provided by the District must have prior approval by the principal in order for the employee to receive credit.

The employee is responsible for providing documentation regarding the workshop topics and hours completed. An employee who fails to meet the professional development requirements prior to September 1 of each school year shall either have a day of leave deducted or be docked a day of pay.

An employee hired after July 1 may be granted additional time to complete staff development requirements for the current school year.

Teachers may attend conferences and workshops that will contribute to their professional growth and development. When attendance at these events is recommended or required by the administration, no salary deduction or loss of leave will result. Requests for release time with pay to attend meetings not recommended or required by administration will be considered on a case-by-case basis.

Mental Health Training

All district employees who regularly interact with students are required to complete an evidenced-based mental health training program that is designed to provide instruction regarding the recognition and support of children and youth who experience mental health or substance use issues that may pose a threat to school safety. Employees must provide a certificate of completion to the district that includes the name of the training course, along with supporting documentation confirming that the training meets the requirements of the commissioner rules for mental health training.

Campus staff required to complete the training includes, but is not limited to, teachers, coaches, librarians, instructional coaches, administrators, administrative support personnel, school resource officers, paraprofessionals, substitutes, custodians, cafeteria staff, bus drivers, crossing guards, and district special program liaisons, and supervisors of personnel who regularly interact with students.

COMPENSATION AND BENEFITS

Salaries, Wages, and Stipends

Policies DEA, DEAA, DEAB

Employees are paid in accordance with administrative guidelines and a pay structure established for each position. The district's salary schedules are reviewed by the administration each year and adjusted as needed. All district positions are classified as exempt or nonexempt according to federal law. Professional and administrative employees are generally classified as exempt and are paid monthly salaries. They are not entitled to overtime compensation. Other employees are generally classified as nonexempt and are paid based on hourly wages and receive compensatory time or overtime pay for each hour worked beyond 40 in a work week. (See *Overtime Compensation*, page 25)

All employees will receive written notice of the pay and work schedules before the start of each school year. Classroom teachers, librarians, nurses, and counselors will be paid no less than the minimum state salary schedule. Contract employees who perform extracurricular or supplemental duties may be paid a stipend in addition to their salary according to the district's extra-duty pay schedule.

Employees should contact the Canton ISD Administration Office for more information about the district's pay schedules or their own pay.

Paychecks

Administrative Procedures

Canton ISD employee pay structure is approved annually by the Board and is not based on the state salary schedule for professional employees.

All professional and salaried employees are paid monthly. Bus drivers and maintenance employees may choose to be paid semi-monthly or monthly. Paychecks will not be released to any person other than the district employee named on the check without the employee's written authorization.

Employees may have their paychecks electronically deposited into a designated account or printed as a check. During summer breaks, if the employee chooses to receive a check, they will be mailed to employees at the address on file with central administration.

Automatic Payroll Deposit

Administrative Procedure

Employees can have their paychecks electronically deposited into a designated account. A notification period of 30 days is necessary to activate this service. With automatic deposit, an employee's pay is immediately available on the pay date. Contact Canton ISD Admin Office, 567-4179, for more information.

Payroll Deductions

Policy CFEA

The district is required to make the following automatic payroll deductions:

- Teacher Retirement System of Texas (TRS or Social Security employee contributions)
- Federal income tax required for all full-time employees
- Medicare tax (applicable only to employees hired in the district after March 31, 1986)
- Child support and spousal maintenance, if applicable
- Delinquent federal education loan payments, if applicable

Temporary and part-time employees who are not eligible for TRS membership will have an amount equal to a Social Security contribution deducted and sent to a 457 plan on their behalf.

Other payroll deductions employees may elect include deductions for the employee's share of premiums for health, dental, life, and vision insurance; annuities; and higher education savings plans. Employees also may request payroll deduction for payment of membership dues to professional organizations or other institutions. Salary deductions are automatically made for unauthorized or unpaid leave.

Overpayments. Employees are not entitled to any funds the district overpays. An overpayment occurs if an employee is paid more than the amount the employee should have been paid under the assigned pay grade and applicable supplemental pay.

If an overpayment is reported in the current fiscal year, a payment plan will be developed to recoup the payment. Generally, an overpayment will be paid in one pay cycle. However, if this creates an undue hardship for the employee, the district has the discretion to develop a plan for regular payroll deductions in the same fiscal year.

An agreement between an employee and the district must be in place in order to deduct any overpayment from one or more paychecks if an overpayment occurs.

Overtime Compensation

Administrative Procedure

The district compensates overtime for nonexempt employees in accordance with federal wage and hour laws. Only nonexempt employees (hourly employees and paraprofessional employees) are entitled to overtime compensation. When a non-exempt employee works 40 hours before the workweek ends, the employee's supervisor should be notified at once. The supervisor may then alter the employee's schedule within the workweek providing equivalent time off – one hour off for one hour worked - so that the total hours within the workweek do not exceed 40.

The daily schedule for non-exempt employees is officially designated to be normal posted work hours. In no case may actual hours worked vary from posted hours without prior written permission. Lunch periods are not considered a part of the workday.

Non-exempt employees are instructed not to work unauthorized hours (overtime) without prior written permission of their supervisor. Employees shall be compensated for approved overtime at a time and a half rate, first by direct pay and then with compensatory time as approved by the district.

A nonexempt employee who are paid on a salary basis are paid for up to and including a 40 hour workweek.

Travel Expense Allotment and Reimbursement

Policy DEE

Before any travel expenses are incurred by an employee, the employee's supervisor must give written approval. For approved overnight travel, an employee may submit the Canton ISD Overnight Travel Form prior to the event to receive an allotment for lodging, meals, mileage, and other travel expenditures according to the current rate schedule established by the district with an itinerary of the event and a map of mileage traveled. For approved day travel events, employees shall submit a Canton ISD Mileage Reimbursement Form to receive funds for gas expenses. An online map of the actual mileage must be provided in order for reimbursement to be approved.

Health, Dental, and Life Insurance

Policy CRD

Group health insurance coverage is provided through TRS Active Care, the statewide public school employee health insurance program. The district's contribution to employee insurance premiums is determined annually by the board of trustees. Employees eligible for health insurance coverage include the following:

- Employees who are active, contributing TRS members
- Employees who are not contributing TRS members and who are regularly scheduled to work at least ten hours per week

The insurance plan year is from September 1 through August 31. Employees may make changes in their insurance coverage during open enrollment each year or when they experience a qualifying event (e.g., marriage, divorce, birth). Detailed descriptions of insurance coverage, employee cost, and eligibility requirements are provided to all employees in a separate booklet. Employees should contact Canton ISD Admin Office for more information.

Supplemental Insurance Benefits

Policy CRD

The Superintendent shall approve supplemental insurance programs. District employees may enroll in these programs at their own expense through payroll deduction. Employees should contact the Canton Administration Office for more information.

Cafeteria Plan (Section 125)

Employees may be eligible to participate in the Cafeteria Plan (Section 125) and, under IRS regulations, must either accept or reject this benefit. This plan enables eligible employees to pay certain insurance premiums on a pretax basis (i.e., disability, accidental death and dismemberment, cancer and dread disease, dental and additional term life insurance). A third-party administrator handles employee claims made on these accounts. Cafeteria plan participation is offered annually during a specified enrollment period. All employees must accept or reject this benefit annually.

New employees must accept or reject this benefit during their first month of employment. All employees must accept or reject this benefit on an annual basis and during the specified time period.

Workers Compensation Insurance

Policy CRE

The district, in accordance with state law, provides workers' compensation benefits to employees who suffer a work-related illness or are on the job. The district has workers compensation coverage from September 1, through August 31.

Benefits help pay for medical treatment and make up for part of the income lost while recovering. Specific benefits are prescribed by law depending on the circumstances of each case.

All work-related accidents or injuries shall be reported immediately to the employee's supervisor. That supervisor shall report all work-related accidents or injuries to Stacie Wilkerson. Employees who are unable to work due to a work-related injury will be notified of their rights and responsibilities under the Texas Labor Code. See *Workers' Compensation Benefits*, page 36 for information on use of paid leave for such absences.

Unemployment Compensation Insurance

Policy CRF

Employees who have been laid off or terminated through no fault of their own may be eligible for unemployment compensation benefits. Employees are not eligible to collect unemployment benefits during regularly scheduled breaks in the school year or the summer months if they have employment contracts or reasonable assurance of returning to service. Employees with questions about unemployment benefits should contact the Canton ISD Administration Office.

Teacher Retirement

All personnel employed on a regular basis for at least four and one-half months are members of the Teacher Retirement System of Texas (TRS). Substitutes not receiving TRS service retirement benefits who work 90 days a year are eligible to purchase a year of creditable service in TRS. A bus driver must work 15 hours per week to be eligible for TRS and is no longer based on driving a minimum of one route per day. TRS provides members with an annual statement of their account showing all deposits and the total account balance for the year ending August 31, as well as an estimate of their retirement benefits.

Employees who plan to retire under TRS should notify their supervisor as soon as possible. Information on the application procedures for TRS benefits is available at TRS at Teacher Retirement System of Texas, 1000 Red River Street, Austin, Texas 78701-2698, or call 800-223-8778 or 512-542-6400. Information and registration for My TRS can also be obtained on the Web (www.trs.texas.gov).

LEAVES AND ABSENCES

Leaves and Absences

Policy DEC, DECA, DECB

The district offers employees paid and unpaid leaves of absence in times of personal need. This handbook describes the basic types of leave available and restrictions on leaves of absence. Employees who expect to be absent for an extended period of more than five days should call the payroll department for information about applicable leave benefits, payment of insurance premiums, and requirements for communicating with the district. Employees must follow district or campus procedures to report or request any leave of absence and complete the appropriate form or certification. Any unapproved absences or absences beyond accumulated or available paid leave shall result in deduction from the employee's pay.

Immediate Family. For purposes of leave other than family and medical leave, immediate family is defined as the following:

- Spouse
- Son or daughter, including a biological, adopted, or foster child, a son-or daughter-in-law, a stepchild, a legal ward, or a child for whom the employee stand *in Loco parentis*.
- Parent, stepparent, parent-in-law, or another individual who stands in *loco parentis* to the employee.
- Siblings, stepsibling, and sibling-in-law
- Grandparent or grandchild
- Any person residing in the employee's household at the time of illness or death.

For the purpose of family and medical leave, the definition of family is limited to spouse, parent, son or daughter, and next of kin. The definition of these are found in Policy DECA(LEGAL).

If an hourly employee does not report or request leave of absence(s) according to district procedures, the incident is considered a "no call/no show".

Medical Certification. An employee shall submit medical certification of the need for leave if the employee is absent more than five consecutive workdays because of a personal or immediate family illness – the employee's fitness to return to work.

The district may require medical certification due to questionable pattern of absences or when deemed necessary by the supervisor or Superintendent; the employee requests leave under the Family and Medical Leave Act (FMLA) for the employee's serious health condition or that of a spouse, parent, or child; or requests leave under the Family and Medical Leave Act (FMLA) for military caregiver leave. In each case, medical certification shall be made by a health-care provider as defined by the Family and Medical Leave Act (FMLA) confirming the existence and dates of the illness and the employee's fitness to return to work. This also applies to staff development days missed during the school year.

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits covered employers from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we ask that employees and health care providers do not provide any genetic information in any medical certification. 'Genetic information,' as defined by GINA, includes an individual's family medical

history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

Continuation of Health Insurance. Employees on an approved leave of absence other than family and medical leave may continue their insurance benefits at their own expense. Health insurance benefits for employees on paid leave and leave designated under the FMLA will be paid by the district as they were prior to the leave. If the employee elects not to return to work, the District may require reimbursement of premiums paid by the District during leave. Otherwise, the district does not pay any portion of insurance premiums for employees who are on unpaid leave.

Under TRS-Active Care rules, an employee is no longer eligible for insurance through the district after six months of unpaid leave other than FML. If an employee's unpaid leave extends for more than six months, the district will provide the employee with notice of COBRA rights.

Personal Leave

State law entitles all employees to five days of paid state personal leave per year. Personal leave is available for use at the beginning of the year. A day of personal leave is equivalent to the number of hours per day in an employee's usual assignment, whether full-time or part-time. State personal leave accumulates without limit, is transferable to other Texas school districts and generally transfers to educational service centers. There are two types of personal leave: nondiscretionary and discretionary. Under authority of Education Code 22.003 and to preserve the employee's leave entitlement while minimizing disruption to the instructional program, the Canton ISD Board requires that employees differentiate between uses of personal leave as discretionary or non-discretionary.

Nondiscretionary. Leave is taken for personal or family illness, family emergency, a death in the family, or active military service. This type of leave allows very little or no advance planning and will be granted to employees in the same manner as state sick leave.

Discretionary. Leave is taken at an employee's discretion and shall be scheduled in advance. An employee wishing to take discretionary personal leave must submit a request to his or her principal or supervisor at least one day in advance of the anticipated absence. The reasons for which personal leave may be used should not be limited by the district. In deciding to approve personal leave, the administrator may consider the effect of the absence(s) on the educational program, as well as availability of substitutes. Discretionary personal leave may not be taken the day before a school holiday, after a school holiday, days scheduled for semester or final exams, days scheduled for state assessments, or days scheduled for staff development. Certain circumstances will allow an employee to be granted leave on a day before a school holiday if the employee has appropriate leave days available. If approved, it will be a daily dock of pay unless there is a medical issue (non-routine), funeral, child involved in a CISD activity, and one day per year for a child involved in a non CISD activity. An employee wanting to use leave for the birth of a grandchild shall receive 5 days without a daily dock within the first two weeks of the birth of the child. Discretionary personal leave may not be taken for more than two consecutive days.

Leave Proration. If an employee separates from employment with the district before his or her last duty day of the year, or begins employment after the first duty day, state personal leave will be prorated based on the actual time employed. When an employee separates from employment before the last day of the school year, the employee's final paycheck will be reduced by the amount of state personal leave the employee used beyond his or her pro rata entitlement for the school year.

State Sick Leave

State sick leave accumulated before 1995 is available for use and may be transferred to other school districts in Texas.

State sick leave may be used for the following reasons only:

- Employee illness
- Illness in the employee's immediate family
- Family emergency (i.e., natural disasters or life-threatening situations)
- Death in the immediate family
- Active military service

If an employee uses more sick leave than he or she has earned, the cost of unearned sick leave will be deducted from the employee's next paycheck. Sick leave will not be charged out in less than 1/2 day increments. If an employee leaves the district before the end of the work year, the cost of any unearned leave days shall be deducted from the employee's final paycheck.

Local Personal Leave

Canton ISD employees earn five (5) local leave days per year (noncumulative). The first three days are at no cost to the employee. The other two days are docked from payroll for the amount of the certified substitute teacher's daily rate, whether or not a substitute is employed. For employees other than professionals, the daily rate of pay of a non-degreed substitute or 50 percent of the employee's daily rate (whichever is less) shall be deducted for each day of local leave taken, whether or not a substitute is employed.

Employees may choose the order in which leave is used.

Vacation

Policy DED

Upon completion of 12th months of continuous employment in the District, all permanent full time employees in positions requiring 12 months of service who work 261 days shall earn paid vacation at .833 days per month.

Vacation scheduling shall be subject to department requirements and approval. Employees new to the District shall not be permitted to schedule vacation time off until they have accumulated 12 months of continuous service.

Employees who are on approved leaves of absence or absent for any reason other than vacation, military leave up to 15 days, or holidays, more than half of any calendar month, shall not accrue days for the month.

Unused vacation time shall lapse without pay or any other form of compensation after September 30 of each year.

Employees who terminate shall be entitled to vacation pay for all unused earned vacation days. Employees who terminate without notice of two calendar weeks or who are terminated for cause shall forfeit all unused vacation days.

Extended Sick Leave

After all available state and local leave days have been exhausted, a full-time employee shall be granted in a school year, which shall be the first day of in-service, a maximum of 30 days of extended sick leave to be used for employee's personal catastrophic illness or injury (life-threatening condition or combination of conditions affecting mental or physical health), including pregnancy related illness or injury or for absences related to the catastrophic illness or injury of a member of the employee's immediate family. A non-professional employee shall be eligible after 24 months of employment.

An employee shall be granted 15 days of extended sick leave when pregnancy is uncomplicated and not related to catastrophic illness or injury as listed above.

A written request for extended leave must be accompanied by medical certification of the illness or injury.

For professional employees, the Board shall determine annually the daily rate of pay deducted by each day of extended sick leave taken, whether or not a substitute is employed. For employees other than professionals, the daily rate of pay of a non-degreed substitute or 50 percent of the employee's daily rate (whichever is less) shall be deducted for each day of extended sick leave taken, whether or not a substitute is employed.

Sick Leave Bank (or Pool)

An employee who has exhausted all paid leave and who suffers from a catastrophic illness or injury or is absent due to the catastrophic illness or injury of a member of the employee's immediate family may request the establishment of a sick leave pool, to which the District employees may donate local leave or state personal leave for use by the eligible employee.

If the employee is unable to submit the request, a member of the employee's family or the employee's supervisor may submit the request to establish a sick leave pool.

The pool shall cease to exist when the employee no longer needs leave for the purpose requested, uses the maximum number of days allowed under a pool, or exhausts all leave days donated to the sick leave pool.

The Superintendent or designee shall develop regulations for the implementation of the sick leave pool that address the following:

- Procedures to request the establishment of a sick leave pool;
- The maximum number of days an employee may donate to a sick leave pool;
- An eligible employee may receive a maximum of 60 days per school year from a sick leave pool; and
- The return of unused days to donors.

Reimbursement for Leave Upon Retirement. The following leave provisions shall apply to state leave earned beginning on the original effective date of this program.

An employee who retires from the District shall be eligible for reimbursement for state leave under the following conditions:

1. The employee's retirement is voluntary, i.e., the employee is not being discharged or non-renewed.
2. The employee has at least five years of service with the District.
3. The employee has a minimum of 50 state leave days.

Unless retirement is a result of a disability as defined by Texas Teacher Retirement System (TRS), a professional contract employee who is retiring, other than an administrator, shall complete the academic school year in which he or she plans to retire.

An employee who meets the requirements listed above shall receive a \$2,000 reimbursement check at the time of his or her last district payroll check. If the employee is re-employed with the district, days of which the employee received payment shall not be available to the employee.

The above rate, which has been established by the board, shall be in effect until the board adopts a new rate. Any changes to the rate shall apply beginning with the school year following the adoption of the rate of change.

Family and Medical Leave (FMLA) General Provisions

The following text is from the federal notice, Your Employee Rights Under the Family and Medical Leave Act. Specific information that the district has adopted to implement the FMLA follows this general notice.

What is FMLA Leave?

The Family and Medical Leave Act (FMLA) is a federal law that provides eligible employees with job-protection leave for qualifying family and medical reasons.

The US department of Labor's Wage and Hour Division (WHD) enforces the FMLA for most employees. Eligible employees can take up to 12 workweeks of FMLA leave in a 12 month period for:

- The birth, adoption of foster placement of a child with you,
- Your serious mental or physical health condition that makes you unable to work,
- To care for your spouse, child or parent with a serious mental or physical health condition, and
- Certain qualifying reasons related to the foreign deployment of your spouse child or parent who is a military servicemember.

An eligible employee who is the spouse, child, parent or next of kin of a covered servicemember with a serious injury or illness may take up to 26 workweeks of FMLA leave in a single 12 month period to care for the servicemember.

You have the right to use FMLA leave in one block of time. When it is medically necessary or otherwise permitted, you may take FMLA leave intermittently in separate blocks of time, or on a reduced schedule by working less hours each day or week. Read Fact Sheet #28M© for more information.

FMLA leave is not paid leave, but you may choose, or be required by your employer, to use any employer-provided paid leave if your employer's paid leave policy covers the reason for which you need FMLA leave.

Am I eligible to take FMLA leave?

You are an eligible employee if all of the following apply:

- You work for a covered employer,
- You have worked for your employer at least 12 months,
- You have at least 1,250 hours of service for your employer during the 12 months before your leave, and
- Your employer has at least 50 employees within 75 miles of your work location

Airline flight crew employees have different "hours of service" requirements.

You work for a covered employer if one of the following applies:

- You work for an elementary or public or private secondary school, or
- You work for a public agency, such as local, state, or federal government agency. Most federal employees are covered by Title II of the FMLA, administered by the Office of Personnel Management.

How do I request FMLA leave?

Generally, to request FMLA leave you must:

- Follow your employer's normal policies for requesting leave,
- Give notice at least 30 days before your need for FMLA leave, or
- If advance notice is not possible, give notice as soon as possible.

You do not have to share a medical diagnosis but must provide enough information to your employer so they can determine whether the leave qualifies for FMLA protection. You must also inform your employer if FMLA leave was previously taken or approved for the same reason when requesting additional leave.

Your employer may request certification from a health care provider to verify medical leave and may request certification of a qualifying exigency.

The FMLA does not affect any federal or state law prohibiting discrimination or supersede any state or local law or collective bargaining agreement that provides greater family or medical leave rights.

State employees may be subject to certain limitations in pursuit of direct lawsuits regarding leave for their own serious health conditions. Most federal and certain congressional employees are also covered by the law but are subject to the jurisdiction of the U.S. office of Personnel Management or Congress.

What does my employer need to do?

If you are eligible for FMLA leave, your employer must:

- Allow you to take job-protected time off for qualifying reason,
- Continue your group health plan coverage while you are on leave on the same basis as if you had not taken leave, and
- Allow you to return to the same job, or a virtually identical job with the same pay, benefits and other working conditions, including shift and location, at the end of your leave.

Your employer cannot interfere with your FMLA rights or threaten or punish you for exercising your rights under the law. For example, your employer cannot retaliate against you for requesting FMLA leave or cooperating with a WHD investigation.

After becoming aware that your need to leave is for a reason that may qualify under the FMLA, your employer must confirm whether you are eligible or not eligible for FMLA leave. If your employer determines that you are eligible, your employer must notify you in writing:

- About your FMLA rights and responsibilities, and
- How much of your requested leave, if any, will be FMLA -protected leave.

Where can I find more information:

Call 1-866-487-9243 or visit dol.gov/fmla to learn more

If you believe your rights under FMLA have been violated, you may file a complaint with WHD or file a private lawsuit against your employer in court. Can the QR code to learn about our WHD complaint process.

Local Procedures for Implementing Family and Medical Leave Provisions

Eligible employees can take up to 12 weeks of unpaid leave in the 12-month period measured measure forward from the date an individual employee's first FML begins.

Use of Paid Leave. FMLA Leave runs concurrently with accrued sick and personal leave, temporary disability leave, compensatory time, assault leave, and absences due to work-related illness or injury. The district will designate the leave as FML, if applicable, and notify the employee that accumulated leave will run concurrently.

Combined leave for Spouses. If both spouses are employed by the district, the district shall limit FMLA leave for the birth, adoption, or a foster placement of a child, or to care for a parent with a serious health condition, to a combined total of 12 weeks. The district shall limit military caregivers leave to a combined total of 26 weeks.

Intermittent Leave. The district shall permit use of intermittent or reduced schedule FMLA leave for the care of a newborn child or for the adoption or placement of a child with the employee.

Certification of Leave. If an employee requests leave, the employee shall provide certification, as required by FMLA regulations, of the need to leave.

Fitness for Duty. If an employee takes FMLA leave due to the employee's own serious health condition, the employee shall provide, before resuming work, a fitness-for-duty certification from the health care provider. When leave is taken for the employee's own serious health condition, the certification must address the employee's ability to perform essential job functions, the district shall provide a list of essential job functions to the employee with FMLA designation notice. Fitness for duty is not required when an employee returns to work following leave to care for a family member with a serious health condition; to care for a child following a birth, adoption, or foster care placement; or for qualifying exigency leave.

Reinstatement. An employee returning to work at the end of FML will be returned to the same position held when the leave began or to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment.

In certain cases, instructional employees desiring to return to work at or near the conclusion of a semester may be required to continue on family and medical leave until the end of the semester. The additional time off is not counted against the employee's FML entitlement, and the district will maintain the employees group health insurance and reinstate the employee at the end of the leave according to the procedures outlined in policy (see DECA(LEGAL)).

Failure to Return. If, at the expiration of FML, the employee is able to return to work but chooses not to do so, the district may require the employee to reimburse the premiums paid during any portion of FML when the employee was on unpaid leave. If the employee fails to return to work for a reason beyond the employee's control, such as a continuing personal or family serious health condition or a spouse being unexpectedly transferred more than 75 miles from the district, the district may not require the employee to reimburse the district's share of premiums paid.

District contact. Employees that require FML or have questions should contact the Canton ISD Administration Office 903-567-4179 for details on eligibility, requirements, and limitations.

Temporary Disability

Certified Employees. Any full-time employee whose position requires educator certification by the State Board for Educator Certification (SBEC) or by the District shall be eligible for temporary disability leave. The purpose of temporary disability leave is to provide a job protection to full-time educators who cannot work for an extended period of time because of a mental or physical disability of a temporary nature. Temporary disability leave must be taken as a continuous block of time. It may not be taken intermittently or on a reduced schedule. Pregnancy and conditions related to pregnancy are treated the same as any other temporary disability.

Employees must request approval for temporary disability leave. An employee's notification of need for extended absence due to the employee's own medical condition shall be accepted as a request for temporary disability leave. The request must be accompanied by a physician's statement confirming the employee's inability to work and estimating a probable date of return. If disability leave is approved, the length of leave is no longer than 180 calendar days.

If an employee is placed on temporary disability leave involuntarily, he or she has the right to request a hearing before the board of trustees. The employee may protest the action and present additional evidence of fitness to work.

When an employee is ready to return to work, the Superintendent and/or Principal should be notified at least 30 days in advance. The return-to-work notice must be accompanied by a medical certification confirming that the employee is able to resume regular duties.

Certified employees returning from leave will be reinstated to the school to which they were previously assigned if an appropriate position is available. If a position is not available before the end of the school year, professional employees will be reinstated at the beginning of the following school year.

Workers' Compensation Benefits

An employee absent from duty because of a job-related illness or injury may be eligible for workers' compensation weekly income benefits if the absence exceeds seven calendar days.

An employee receiving workers' compensation wage benefits for a job-related illness or injury may choose to use accumulated sick leave or any other paid leave benefits. An employee choosing to use paid leave will not receive workers' compensation weekly income benefits until all paid leave is exhausted or to the extent that paid leave does not equal the pre-illness or -injury wage. If the use of paid leave is not elected, then the employee will only receive workers' compensation wage benefits for any absence resulting from a work-related illness or injury, which may not equal his or her pre-illness or -injury wage.

Assault Leave

Assault leave provides extended job income and benefits protection to an employee who is injured as the result of physical assault suffered during the performance of his or her job. An incident involving an assault suffered during the performance of his or her job is a work-related injury and should be immediately reported to your campus principal or supervisor.

An injury is treated as an assault if the person causing the injury could be prosecuted for assault or could not be prosecuted only because that person's age or mental capacity renders the person non-responsible for purposes of criminal liability.

An employee who is physically assaulted at work has the right to take all the leave time necessary (up to two years) to recover from physical injuries he or she sustained. At the request of the employee, the district will immediately assign the employee to assault leave. Days of leave granted under the assault leave provision will not be deducted from accrued personal leave and must be coordinated with workers' compensation benefits. Upon investigation, the district may change the assault leave status and charge leave used against

the employee's accrued paid leave. The employee's pay will be deducted if accrued paid leave is not available.

Jury Duty

Policies DEC, DG

The district provides paid leave to employees who are summoned to jury duty including services on a grand jury. The district will not discharge, threaten to discharge, intimidate, or coerce any regular employee because of juror or grand juror service or for the employee's attendance or scheduled attendance in connection with the service in any court in the United States.

Employees who report to the court for jury duty may keep any compensation the court provides. An employee should report a summons for jury duty to his or her supervisor as soon as it is received and will be required to provide the district a copy of the summons to document the need for leave.

An employee may be required to report back to work as soon as they are released from jury duty. The supervisor may consider the travel time required and the nature of the individual's position when determining the need to report to work. A copy of the release from jury duty or documentation of time spent at the court may be required.

Compliance with a Subpoena

Employees will be paid while on leave to comply with a valid subpoena to appear in a civil, criminal, legislative, or administrative proceeding and will not be required to use paid leave. Absences for court appearances related to an employee's personal business must be taken as personal leave or leave without pay (if no personal leave is available). Employees may be required to submit documentation of their need for leave for court appearances.

Truancy Court Appearances

An employee who is a parent, guardian of a child or a court-appointed guardian ad litem of a child who is required to miss work to attend a truancy court hearing may use personal leave or compensatory time for the absence. Employees who do not have paid leave available will be docked for any absence required because of the court appearance.

Religious Observance

The district will reasonably accommodate an employee's request for absence for a religious holiday or observance. Accommodations such as changes to work schedules or approving a day of absence will be made unless they pose an undue hardship to the district. The employee may use any accumulated personal leave for this purpose. Employees who have exhausted applicable paid leave may be granted an unpaid day of absence.

If necessary, the leave shall continue for at least one year.

If unable to return to work at the end of the paid leave and any extension, a police officer may use accumulated sick, vacation, and other accrued leave before being placed on unpaid temporary leave. At the end of temporary leave, the police officer will be reinstated at the same rank and with the same seniority the person had before going on temporary leave.

Unauthorized Absences

Unauthorized absences shall be charged as days not worked and the employee's paycheck shall be reduced by the daily pay rate for the employee for the number of days missed. An unauthorized absence is one not covered by CISD policies for vacation, sick leave, jury duty, maternity leave or other leave authorized by the administrator in charge.

Unauthorized absenteeism or abuses of the sick leave policy are grounds for termination. Five or more consecutive days of personal or non-personal illness will require a medical doctor's statement in order to count as valid sick days. The policy also applies to staff development days missed during the school year.

Solicitation of a Romantic Relationship

Policy DHB

"Solicitation of a romantic relationship" means deliberate or repeated acts that can be reasonably interpreted as the solicitation by an educator of a relationship with a student that is romantic in nature. A romantic relationship is often characterized by a strong emotional or sexual attachment and/or patterns of exclusivity but does not include appropriate educator-student relationships that arise out of legitimate contexts such as familial connections or longtime acquaintance. The following acts, considered in context, may constitute prima facie evidence of the solicitation by an educator of a romantic relationship with a student:

1. Behavior, gestures, expressions, or communications with a student that are unrelated to the educator's job duties and evidence a romantic intent or interest in the student, including statements of love, affection, or attraction. Factors that may be considered in determining the romantic intent of such communications or behavior include:
 - a. The nature of the communications;
 - b. The timing of the communications;
 - c. The extent of the communications;
 - d. Whether the communications were made openly or secretly;
 - e. The extent that the educator attempts to conceal the communications;
 - f. If the educator claims to be counseling a student, SBEC may consider whether the educator's job duties included counseling, whether the educator reported the subject of the counseling to the student's guardians or to the appropriate school personnel, or, in the case of alleged abuse or neglect, whether the educator reported the abuse or neglect to the appropriate authorities; and
 - g. Any other evidence tending to show the context of the communications between educator and student.
2. Making appropriate comments about a student's body, creating or transmitting sexual suggestive photographs or images, or encouraging the student to transmit sexually suggestive photographs or images.
3. Making sexually demeaning comments to a student.
4. Making comments about a student's potential sexual performance.
5. Requesting details of a student's sexual history.
6. Requesting a date, sexual contact, or any activity intended for sexual gratification of the educator.

7. Engaging in conversations regarding the sexual problems, preference, or fantasies of either party.
8. Inappropriate hugging, kissing, or excessive touching.
9. Providing the student with drugs or alcohol.
10. Violating written directives from school administrators regarding the educator's behavior toward a student.
11. Suggestions that a romantic relationship is desired after the student graduates, including post-graduation plans for dating or marriage.
12. Any other acts tending to show that the educator solicited a romantic relationship with the students.

Reporting Suspected Child Abuse

Policies DG, FFG, GRA

All employees are required by state law to report any suspected child abuse or neglect, as defined by Texas Family Code §261.001, to a law enforcement agency, Child Protective Services (CPS), or appropriate state agency (e.g., state agency operating, licensing, certifying, or registering the facility) within 48 hours of the event that led to the suspicion. Alleged abuse or neglect involving a person responsible for the care, custody, or welfare of the child (including a teacher) must be reported by CPS.

Employees are also required to make a report if they have reasonable cause to believe that an adult was a victim of abuse or neglect as a child and the employee determines in good faith that disclosure of the information is necessary to protect the health and safety of another child or an elderly or disabled person or person with disability.

Reports to Child Protective Services can be made online at <http://www.txabusehotline.org/Login/Default.aspx>, the Texas Abuse Hotline (800-252-5400) or to the Canton Police Department, at 903-567-4991. State law specifies that an employee may not delegate to or rely on another to make the report.

Under state law, any person reporting or assisting in the investigation of reported child abuse or neglect is immune from liability unless the report is made in bad faith or with malicious intent. In addition, the district is prohibited from retaliating against an employee who, in good faith, reports child abuse or neglect or who participates in an investigation regarding an allegation of child abuse or neglect.

An employee's failure to make the required report may result as a Class A misdemeanor. The offense of failure to report by a professional may be a state jail felony if it is shown the individual intended to conceal the abuse or neglect. In addition, a certified employee's failure to report suspected child abuse may result in disciplinary procedures by SBEC for a violation of the Texas Code of Ethics. In addition, a certified employee's failure to report may result in disciplinary procedures by SBEC for a violation of the Texas Educators' Code of Ethics.

Employees who suspect that a student has been or may be abused or neglected should also report their concerns to the campus principal. This includes students with disabilities who are no longer minors. Employees are not required to report their concern to the principal before making a report to the appropriate agencies.

Reporting the concern to the principal does not relieve the employee of the requirement to report it to the appropriate state agency. In addition, employees must cooperate with investigators of child abuse and neglect. Interference with a child abuse investigation by denying an interviewer's request to interview a student at school or requiring the presence of a parent or school administrator against the desires of the duly authorized investigator is prohibited.

Sexual Abuse and Maltreatment of Children

The District has established a plan for addressing sexual abuse and other maltreatment of children, which may be accessed in the District Improvement Plan located on the Canton ISD website at www.cantonisd.net. As an employee, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused or otherwise maltreated. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. Maltreatment is defined as abuse or neglect. Anyone who has reasonable cause to believe that a child has been or may be abused or neglected has a legal responsibility under law for reporting the suspected abuse or neglect following the procedures described above in the Reporting Suspected Child Abuse.

Reporting Crime

Policy DG

The Texas Whistleblower Act protects district employees who make good faith reports of violations of law by the district to an appropriate law enforcement authority. The district is prohibited from suspending, terminating the employment of, or taking other adverse personnel action against, an employee who makes a report under the Act. State law also provides employees with the right to report a crime witnessed at the school to any peace officer with authority to investigate the crime.

Scope and Sequence

Policy DG

If a teacher determines that students need more or less time in a specific area to demonstrate proficiency in the Texas Essential Knowledge and Skills (TEKS) for that subject and grade level, the district will not penalize the teacher for not following the district's scope and sequence.

The district may take appropriate action if a teacher does not follow the district's scope and sequence based on documented evidence of a deficiency in classroom instruction. This documentation can be obtained through observation or substantiated and documented third-party information.

Technology Resources

Policy CQ

The district's technology resources, including its networks, computer systems, e-mail accounts, devices connected to its networks, and all district-owned devices used on or off school property, are primarily for administrative and instruction purposes and in accordance with administrative regulations. Limited personal use of District technology resources shall be permitted if the use:

- Imposes no tangible cost to the district
- Does not unduly burden the district's technology resources
- Has no adverse effect on job performance or on a student's academic performance.

Electronic mail transmissions, and other use of the technology resources are not confidential and can be monitored at any time to ensure appropriate use.

Employees are required to abide by the provisions of the district's acceptable use agreement and administrative procedures. Failure to do so can result in suspension of access or termination of privileges and may lead to disciplinary action. Employees with questions about computer use and data management can contact the Canton ISD Technology Director.

Personal Use of Electronic Communications

Policies CQ, CY, DH

Electronic communications include all forms of social media, such as text messaging, instant messaging, electronic mail (e-mail), web logs (blogs), wikis, electronic forums (chat rooms), video-sharing websites (e.g., YouTube), editorial comments posted on the Internet, and social network sites (e.g., Facebook, Twitter, LinkedIn, Instagram). Electronic communication also includes all forms of telecommunication such as landlines, cell phones, and web-based applications.

As role models for the district's students, employees are responsible for their public conduct even when they are not acting as district employees. Employees will be held to the same professional standards in their public use of electronic media as they are for any other public conduct. If an employee's use of electronic communications interferes with the employee's ability to effectively perform his or her job duties, the employee is subject to disciplinary action, up to and including termination of employment. If an employee wishes to use a social network site or similar media for personal purposes, the employee is responsible for the content on the employee's page, including content added by the employee, the employee's friends, or members of the public who can access the employee's page, and for web links on the employee's page. The employee is also responsible for maintaining privacy settings appropriate to the content.

An employee who uses electronic communication for personal purposes shall observe the following:

- The employee may not set up or update the employee's personal social network page(s) using the district's computers, network, or equipment.
- The employee shall limit use of personal electronic communication devices to send or receive calls, text messages, pictures, and videos to break, mealtimes, and before and after scheduled work hours, unless there is an emergency or the use is authorized by a supervisor to conduct district business.
- The employee shall not use the district's logo or other copyrighted material of the district without express, written consent.
- An employee may not share or post, in any format, information, videos, or pictures obtained while on duty or on district business unless the employee first obtains written approval from the employee's immediate supervisor. Employees should be cognizant that they have access to information and images that, if transmitted to the public, could violate privacy concerns.

- The employee continues to be subject to applicable state and federal laws, local policies, administrative regulations, and the Code of Ethics and Standard Practices for Texas Educators, even when communicating regarding personal and private matters, regardless of whether the employee is using private or public equipment, on or off campus. These restrictions include:
 - Confidentiality of student records. [See Policy FL]
 - Confidentiality of health or personnel information concerning colleagues, unless disclosure serves lawful professional purposes or is required by law. [See Policy DH(EXHIBIT)]
 - Confidentiality of district records, including educator evaluations and private e-mail addresses. [See Policy GBA]
 - Copyright law [See Policy CY]
 - Prohibition against harming others by knowingly making false statements about a colleague or the school system. [See Policy DH(EXHIBIT)]

See Electronic Communications between Employees, Students, and Parents, below, for regulation on employee communication with student through electronic media.

Electronic Communications between Employees, Students, and Parents

Policy DH

A certified or licensed employee, or any other employee designated in writing by the Superintendent or a campus principal, may use electronic communication with students who are enrolled in the district about matters within the scope and of the employee's profession. The employee must comply with the provisions outlined below. Electronic communications between all other employees and students who are enrolled in the district are prohibited. Employees are not required to provide students with their personal phone numbers or email addresses.

An employee is not subject to these provisions to the extent the employee has a social or family relationship with a student. For example, an employee may have a relationship with a niece or nephew, a student who is the child of an adult friend, a student who is a friend of the employee's child, or a member or participant in the same civic, social, recreational, or religious organization. An employee who claims an exception based on a social relationship shall provide written consent from the student's parent. The written consent shall include an acknowledgement by the parent that:

1. The employee has provided the parent with a copy of this protocol;
2. The employee and the student have a social relationship outside of school;
3. The parent understands that the employee's communications with the student are excepted from district regulation' and
4. The parent is solely responsible for monitoring electronic communications between the employee and the student.

The following definitions apply for use of electronic media with students:

- *Electronic communications* mean any communication facilitated by the use of any electronic devices, including a telephone, cellular telephone, computer, computer network, personal data assistant, or pager. The terms including e-mail, text messages, instant messages, and any communication made through an Internet website, including a social media website or social networking website.

- *Communicate* means to convey information and includes a one-way communication as well as a dialogue between two or more people. A public communication by an employee that is not targeted at students (e.g., a posting on the employee's personal social network page or blog) is not a *communication*; however, the employee may be subject to district regulation on personal electronic communications. See Personal Use of Electronic Media. Unsolicited contact from a student through electronic means is not a *communication*.
